Brandt added that this communication was being sent by regular mail. He thought we should know about it and might be interested in talking with Hamilton's office on it. I told Brandt that we did not feel this was a matter we should take up directly with the Congressman but did feel that under the ground rules established with Chairman Selden for this briefing, that he (Brandt) should take this matter up with Selden. Brandt said he thought this was a good idea and he would do so. ✓
